Blue Springs, Missouri 64015**

**CDBG ADVISORY COMMITTEE
MINUTES
Tuesday, June 6, 2023**

A meeting of the CDBG Advisory Committee of the City of Blue Springs was held in the City Hall Conference Room 210 located at 903 W. Main Street at 6:00 p.m. on Tuesday, June 6, 2023, with the following members, guests, and staff in attendance:

**VOTING MEMBERS
PRESENT**

Ken Horrell, Parks
Jaime Russell, Downtown Review Board
Byron Craddolph, PC Rep.
Cindy Miller, Chair

STAFF / OTHERS

Mike Mallon, Com. Dev. Director
Cara Elbert, Asst. Director, Com. Dev.
Adam Hilgedick, Asst. Director, Public Works
Jerry Kaylor, Council Dist. 1
Chris Lievsay, Council Dist. 2

ABSENT

Ron Fowler, Council Dist. 3

CALL TO ORDER

Chairperson Cindy Miller called the meeting to order at 6:00 p.m.

APPROVAL OF MINUTES

Chairperson Miller requested action on the June 1st, 2023 meeting minutes. Committee Member Ken Horrell made a motion to approve the minutes and Committee Member Jaime Russell seconded the motion. Ayes all, motion carries.

OPEN PUBLIC HEARING

Chairperson Miller opened the public hearing for the 2023- 2024 ANNUAL ACTION PLAN/PROJECTS & ACTIVITIES at 6:05 p.m.

**AGENDA ITEM 2
PUBLIC HEARING / 2023-
2024 ANNUAL ACTION
PLAN/PROJECTS &
ACTIVITIES**

Chairperson Miller defers to Ms. Elbert introduce an overview of where the City currently stands with funds expended to date and a status on past projects and activities. Ms. Elbert states to date there is \$668,387.95 of unused CDBG funds. This includes unspent funds from the 2019, 2020, 2021 and proposed unspent funds in the open 2022 grant as well new grant funds for the 2023 allocation.

DISCUSSION

Ms. Elbert gave an overview of the discussion from the June 1st, 2023 Advisory Committee Meeting. The Committee members asked Ms. Elbert to go line item by line item through the proposed activities so they could vote on each item and the amount of funding they should have programmed for the 23-24 Annual Action Plan.

First project discussed was the Minor Home Repair Program (MHRP). Committee Member Russell made the motion and Committee Member Horrell seconded to fund the MHRP at \$154,000. Ayes all, motion carries.

The second project discussed was the Commercial Façade Program. Committee Member Horrell made the motion and Committee Member Russell seconded to fund the Commercial Façade Program at \$25,000. Ayes all, motion carries.

The third project discussed was the Downtown Lighting Project. Committee Member Russell made the motion and Committee Member Horrell seconded to fund the Downtown Lighting Project at \$32,600. Ayes all, motion carries.

The fourth project discussed was the Park Improvement Program. Committee Member Horrell made the motion and Committee Member Russell seconded to fund the Park Improvement Program at \$400,000. Committee Member Craddolph voted against; all others voted in favor of, motion carries.

The fifth project discussed was the Fieldhouse Recreation Scholarships. Committee Member Horrell made the motion and Committee Member Russell seconded to fund the Fieldhouse Scholarships at \$4,000. Committee Member Craddolph voted against; all others voted in favor of, motion carries.

The sixth project discussed was Community Services League. Committee Member Russell made the motion and Committee Member Horrell seconded to fund Community Services League at \$20,000. Ayes all, motion carries.

The seventh project discussed was Hope House. Committee Member Russell made the motion and Committee Member Horrell seconded to fund Hope House at \$12,750. Ayes all, motion carries.

The final project discussed was Program and Administration and Planning. Committee Member Russell made the motion and Committee Member Horrell seconded to fund the Program Administration and Planning at \$20,000. Ayes all, motion carries.

HEARING CLOSED

Chairperson Miller closed the public hearing for the 2023-2024 ANNUAL ACTION PLAN/PROJECTS & ACTIVITIES at 6:42 p.m.

OTHER BUSINESS

Ms. Elbert stated the next CDBG Advisory Committee Meeting and Public Hearing would be November to discuss the CAPER and will send out a poll once it's closer to pick a date.

MEETING ADJOURN

With no further discussion, a motion was made by Committee Member Horrell to adjourn at 6:43 p.m. Seconded by Committee Member Russell.

Respectfully Submitted by,
Cara Elbert, Recording Secretary

Cindy Miller, Chairperson

PUBLIC NOTICE City of Blue Springs, Missouri Community Development Block Grant Consolidated Annual Performance and Evaluation Report (CAPER)

The City of Blue Springs is in the process of developing the Consolidated Annual Performance and Evaluation Report (CAPER) for the 2022-2023 fiscal/program year for public review and comment. Each jurisdiction that has an approved Consolidated Plan shall annually review and report on the progress it has made in carrying out the Consolidated Plan and the Annual Action Plan. The CAPER describes the specific Community Development Block Grant (CDBG) activities undertaken during the fiscal program year, including activities related to housing, homelessness, and community and economic development needs and resources.

The purpose of this Notice is to inform the public that the Community Development Block Grant (CDBG) Advisory Committee will hold a public hearing on Tuesday, November 28, 2023, at 4:00 PM in Room 128 (Community Development) at City Hall at 903 W. Main Street, Blue Springs, MO 64015.

Staff will present the CAPER at the public hearing and a 15-day public comment period will be opened. **Public comments will be accepted beginning at the public hearing on Tuesday, November 28, 2023, and accepted through Wednesday, December 13, 2023.** The Committee and the City shall consider the views of citizens, public agencies, and other interested parties in preparing its final submission to the U.S. Department of Housing and Urban Development (HUD). A summary of public comments will be attached to the CAPER and submitted to HUD on or before December 31, 2023.

Beginning Monday, November 27, 2023, the draft CAPER may be viewed within the CDBG Advisory Committee meeting agenda packet on the City's website: at <http://www.bluespringsgov.com/agendacenter>. Individuals who do not have access to internet may request a copy or a viewing of the draft plan by calling 816-220-4504 or visit the Community

Development Department at City Hall. For more information about the CAPER or to make a public comment, contact Cara Elbert, Assistant Director Community Development, at 816-220-4504 or celbert@bluespringsgov.com. Written comments may be submitted to the City of Blue Springs Community Development Department, Attn: Cara Elbert, Community Development, 903 W. Main Street, Blue Springs, MO 64015.

Community Development Block Grant Funding from the Department of Housing and Urban Development

Consolidated Annual Performance and Evaluation Report (CAPER)

Fiscal Year 2022-2023

Topics Included and Reported on:

CR-05 - Goals and Outcomes

CR-10 - Racial and Ethnic composition of families assisted

CR-15 - Resources and Investments 91.520(a)

CR-20 - Affordable Housing 91.520(b)

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

CR-30 - Public Housing 91.220(h); 91.320(j)

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

CR-40 - Monitoring 91.220 and 91.230

CR-45 - CDBG 91.520(c)

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan.

91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

The City of Blue Springs expended \$98,172.25 in CDBG funds during the 2022 program year (October 1, 2022 - September 30, 2023) out of the total budget of \$409,916.46. The largest expenditure among the standard CDBG allocation was \$29,155 for the Minor Home Repair Program, which included home improvements for 7 low-income homeowners in the City of Blue Springs. The City funded three (3) public services, including \$491.25 for the Fieldhouse Recreation Scholarships program to provide reduced rate passes for low-moderate income households, \$12,690 for Hope House to provide counseling for victims of domestic violence, and \$25,000 to Community Services League (CSL) to provide subsistence payments for housing and utility assistance to low-moderate income households. Other expenditures include \$9,000 for the First Time Homebuyer Program and \$21,836 in program administration and planning. The only activities in which no funds were expended were for the Commercial Façade Grant program and the Sidewalk Improvement Program-which is slated to be utilized in the 22-23 program year. The City received one application for the Commercial Façade Program for the 22-23 Grant year but is slated to be completed in the Spring of 2023 and those funds will be documented in the 22-23 Grant Expenditures.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction's use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City of Blue Springs' priorities include maintaining affordable housing, providing public services, and the redevelopment of Downtown and surrounding neighborhoods. The Minor Home Repair Program continues to be the top performing program which helps preserve affordable housing options.

The City also continues to focus on downtown redevelopment, a designated slum/blight area. The City continues to administer the Fieldhouse Recreation Scholarships program which provides reduced rate passes to the Fieldhouse community recreation center to low-moderate income residents. In addition to the Fieldhouse Scholarships, the City funded two other public services during the program year, including Hope House, which provides counseling services to victims of domestic violence, and Community Services League, which provides subsistence payments for housing and utilities for low-moderate income residents. The City funded a sidewalk improvement program, to help connect children with a safe route to school, located in a low-moderate income census area. The City uses program administration funds to maintain all activities and programs and are generally used for public notices, recording liens and lien releases, planning and environmental reviews for projects and activities, and plan updates.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

91.520(a)

	CDBG
White	60
Black or African American	16
Asian	0
American Indian or American Native	0
Native Hawaiian or Other Pacific Islander	0
Total	76
Hispanic	1
Not Hispanic	78

Table 2 – Table of assistance to racial and ethnic populations by source of funds

Narrative

With the 2021 CDBG allocation, a total of 83 households received assistance through the Minor Home Repair Program, First Time Homebuyer, Fieldhouse Recreation Scholarships, Hope House, and Community Services League. Approximately 69% of families were white, 23% were black/African American, and 8% were multiracial or other not listed in the above table. Approximately 5% were also Hispanic. The families assisted above only include the race and ethnicity of households receiving assistance through the standard allocation.

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	\$409,916.46	\$98,172.25

Table 3 - Resources Made Available

Narrative

The City had \$409,916.46 allocated in the 2022 Annual Action Plan, which included a 2022 allocation of \$251,277 and \$132,529.46 in reprogramming of pre-2020 funds as well as returned grant funds of \$26,110. Of the \$409,916.46, the City expended \$98,172.25, or approximately 23,95% of the funds. This is a much lower spending rate than in previous years funds being carried over for the City's sidewalk program, which is set to go to bid in the Spring of 2024 as well as funds not being utilized in the City's Commercial Façade Program-which accounts for nearly 50% of the funding the City has to expend. The City had \$311,744.21 in programmed CDBG funds that were not expended by the end of the program year (September 30, 2023). These unspent funds were allocated for projects such as the commercial façade

grant program, the sidewalk improvement program and funds unspent funds from other funded activities such as Minor Home Repair and First Time Homebuyer Programs.

The City continues to make efforts to expend funds in a timely manner; the 2022 program year had several challenges with the primary focus shifting to catching up on a variety of unspent grant funded activities carried over from several fiscal years. This focus delayed other projects, including the Sidewalk Improvement Program and the Commercial Façade Program. The Minor Home Repair Program was also impacted by labor and material shortages. Despite these setbacks, the City still continues to expend as many funds as possible in each program year.

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation
Downtown Blue Springs	7	0
Low-Mod	80	56

Table 4 – Identify the geographic distribution and location of investments

Narrative

The City allocated 80% of 2021 program funds to low-moderate income census block groups. As the 80% of the allocation was all for a HVAC unit replacement at Vesper Hall, the City’s Senior Center, a sidewalk project in an identified LMI area and the Minor Home Repair and First Time Homebuyer Programs that both fund those that meet the LMI guidelines. The City allocated 7% of 2021 program funds to Downtown Blue Springs, a designated slum/blight area, which included funds for the commercial facade improvement grant program. Based on the low amount of program funds expended, 7% of the expended allocation was used for Downtown Blue Springs. The remaining program funds were not allocated to any specific geographic area and were available to low-moderate income homeowners and limited clientele for public services.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

Most activities include leveraged funds from other sources. The First Time Home Buyer program limits the amount of down payment assistance to 50% of the total down payment, with the homebuyer required to leverage their private funds for the remainder to acquire the home. The Fieldhouse Recreation Scholarships program provides reduced rates for scholarship passes, with residents paying a portion of the fee based on their income. Hope House and Community Services League all receive funds from a variety of private and other local funding sources, including significant volunteer support. The City leverages funds for the staffing and management of the CDBG program and related activities. The only

exception is for special planning studies or projects where a consultant is required. The only activities during the program year that did not include leveraged funds were the Minor Home Repair Program and the Park Improvements Program. However, several Minor Home Repair Program recipients contribute private funds to complete projects in excess of the grant amount.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	107	23
Number of Special-Needs households to be provided affordable housing units	0	0
Total	80	23

Table 5 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	48	11
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	20	12
Number of households supported through Acquisition of Existing Units	12	0
Total	80	23

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City's goal was to provide affordable housing assistance to 80 households during the 2021 program year. The City provided assistance to 43 households, or 48% of the goal. All three programs (rental assistance, minor home repair/rehab, and acquisition of existing units) goals fell short. Rental assistance was provided by the Community Services League as subsistence payments, which also included utility assistance. A majority of the 39 households assisted with subsistence payments were for utilities, rather than rental assistance. Only 100% of households received rental assistance. There were no acquisitions of

existing units approved through the First Time Home Buyer program. This goal has not been met in a few years and continues to be a difficult goal to meet as housing prices continue to increase, leaving limited for-sale housing stock available for low-moderate income home buyers. The goals above only reflect the goals met with the 2021 CDBG allocation.

Discuss how these outcomes will impact future annual action plans.

The City believes that the Minor Home Repair Program will continue to be successful. However, the First Time Home Buyer program has continued to be less utilized year after year as there are fewer houses available in prices ranges affordable to low-moderate income buyers. The City reduced the number of grants from 12 in 2020, but increased it at 19 for the 2021 program year and then decreased to 3 for the 2022 Program Year. The City may reallocate some First Time Home Buyer applications to other projects if needed. The usage of funds for subsistence payments through public services proved to be very successful and needed during the 2022 program year.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	0	0
Low-income	0	0
Moderate-income	0	0
Total	0	0

Table 7 – Number of Households Served

Narrative Information

Of the 7 households receiving assistance for housing, 2 was very low-income and 5 were low-income.

Additionally, the City funded four programs that have income requirements by family size to determine eligibility, including: Minor Home Repair Program, First Time Home Buyer Program, Fieldhouse Recreation Scholarships, and Community Services League (CSL) (subsistence payments). Hope House falls under a presumed low-moderate income benefit due to the clientele served (victims of domestic violence). Of the 66 total households served, 35 were extremely low-income. 46 of those households were provided subsistence payments through CSL. The remaining 9 individuals received Fieldhouse Recreation Scholarships or Minor Home Repair assistance. The 31 low-income persons included the remaining subsistence payments recipients and a majority of Minor Home Repair assistance. Most persons receiving assistance for owner-occupied housing were more likely to have a higher income than those receiving subsistence payments or recreation scholarships.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City coordinates with several organizations to address homelessness, including the Greater Kansas City Coalition to End Homelessness (GKCCEH), Community Services League (CSL), and the Blue Springs School District (BSSD). CSL is a centrally-located resource in Blue Springs that can refer assistance to homeless individuals and families. When the City is aware of a homeless individual, or is contacted by a homeless individual, they are directed to CSL for resources. The City's Police Department continues to work with CSL on providing emergency supply kits to homeless persons, including blankets, non-perishable foods, and personal hygiene supplies.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City does not have any emergency shelters or transitional housing located within the community. The City coordinates with CSL on locating available shelters and transitional housing for homeless persons. The City's Police Department also assists with locating shelters for homeless persons.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

The City directs individuals and families to CSL, which can provide rental and utility assistance to low-income households at risk of being evicted or being discharged from facilities or systems of care. CSL received program funds during the 2022-23 program year to provide subsistence payments to assist households with rental expenses. This program provided rental assistance to 39 households, keeping them from being evicted and potentially being homeless. CSL also has programs that work closely with individuals and households to help achieve economic stability, including locating stable employment.

The CSL especially works closely with families with children to ensure children are attending school and that parents can locate employment close to home. In addition to funding subsistence payments with CSL, the City also utilizes CDBG funds to provide funding to help low-income households locate and acquire permanent housing and creating the option of homeownership through the First Time Home Buyer program. The City also helps low-income households remain in their homes and make needed repairs through the Minor Home Repair Program. Both of these programs help to reduce financial burdens, while

maintaining suitable and affordable living options for homeowners and their families.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again.

The City works with CSL and the GKCCEH on locating emergency shelters and transitional housing for homeless persons. The CSL and local PHAs help provide housing assistance to households transitioning from homelessness to permanent affordable housing. The CSL also works with households on helping them locate permanent housing, stable employment and living arrangements, which reduces the risk of becoming homeless again.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

Blue Springs does not have a Public Housing Authority (PHA) within the City limits. Blue Springs residents are served by PHAs in Jackson County, including Independence, Kansas City (MO), and Lee's Summit. The City worked closely with all three PHAs on the 2022-2026 Consolidated Plan submitted to HUD in August 2022, and continues to be in contact with the PHAs during the development of Annual Action Plans. The PHAs serving Jackson County currently have waiting lists with limited inventory available.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

Current public housing residents who are interested in purchasing a home in Blue Springs who qualify as a first-time home buyer are encouraged to consider the First Time Home Buyer program. Public notices on the program are published in the local newspaper (The Examiner) and the City's website at the beginning of the program year.

Actions taken to provide assistance to troubled PHAs

None of the PHAs serving Blue Springs are classified as troubled.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

The City adopted a new Comprehensive Plan in 2014 and a subsequent Unified Development Code (UDC/zoning code) in 2015. The new Comprehensive Plan and UDC encourages a greater mix of building types, development types, and mixed-uses that are intended to encourage more mixed-use and mixed income housing developments. Through the 2016 Assessment of Fair Housing, the City made a goal to encourage new development (particularly multi-family developments) to include more ADA units than required by code to increase housing options for persons with disabilities in the community where needs are not being met. Other goals include developing model zoning codes for small-lot development to increase affordability and availability of housing units. The City completed a CHAT (Community Housing Assessment Team) Study in January 2019 which noted that most housing units in Blue Springs are affordable to households with incomes between \$25,000 and \$75,000 (low-moderate income households), but there is a shortage of units affordable to households with incomes less than \$25,000 (very-low income households). However, the CHAT Study noted some housing challenges that impact low-moderate income households, including lack of availability of housing due to low supply, low construction rates for multi-family and other non-single-family housing types which pushes affordable single-family units to become rentals (decreasing homeownership opportunities for low-moderate income households), and increasing construction costs leading to increased housing costs especially for starter homes. The average price premium for a new house is double that of an existing house, limiting most low-moderate income households to purchase existing housing, which may need repairs. Overall, the City's Comprehensive Plan, UDC, and CHAT Study encourage more mixed-income, mixed-use, and mixed-density neighborhoods in the future. In September 2020, the City Council approved a rezoning and Concept Plan for a 40-unit low-income senior housing apartment development. The applicant applied for low-income housing tax credits, but were not approved in 2021.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

The City coordinates with several public service agencies on addressing obstacles to meeting underserved needs, including agencies that are consulted through the development of the Annual Action Plan and the Consolidated Plan. These agencies include CSL, Hope House, and the Blue Springs School District which all have a strong presence in Blue Springs, as well as other agencies outside of Blue Springs, including Public Housing Authorities in Jackson County (Independence, Kansas City, Lee's Summit), Habitat for Humanity, Hillcrest Transitional Housing, The Whole Person, and the Greater Kansas City Coalition to End Homelessness.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

Applicants of the Minor Home Repair Program with homes built before 1978 are required to either provide proof of lead-based paint testing or have a lead-based paint test completed as part of their repairs to any painted surfaces. Any disturbed lead-based paint must be abated. Applicants of the First Time Home Buyer Program purchasing homes built before 1978 are required to submit a lead-based paint disclosure form acknowledging any lead-based paint hazards before closing. Lead-based paint hazards information is provided in all application packets.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

The City coordinates with public service agencies and organizations to provide assistance to families below or near the poverty-level. CSL provides housing and employment assistance to families with the goal of fostering stability. The City encourages the development of mixed-income housing and expansion of economic opportunities in the community, both of which can help families in Blue Springs rise out of poverty and decrease the risk of falling back below the poverty-level. Recent economic development projects have added hundreds of new employment opportunities in the community.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City, now in its 16th year of receiving CDBG funds, continues to refine and improve the administrative processes and procedures to ensure compliance and expending funds in a timely manner. Staff has created a new set of administrative guidelines that provides step by step process information for each activity and program. The administrative guidelines also include communication processes to subrecipients and contractors to ensure all individuals receiving funds are in compliance.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City will continue to coordinate with aforementioned public service agencies and organizations to provide assistance to low-moderate income households in need of housing, employment, and other support services.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

The City collaborated with area communities (Independence, Kansas City – MO & KS, and Leavenworth) in the metro area in 2022 to complete the 2022-2026 Assessment of Fair Housing. Both local and regional goals and objectives were included in the 2022-2026 AFH and the 2021-2022 Annual Action Plan. Status updates to each goal have been reported on in this CAPER. The participating communities and the Mid-America Regional Council continue to meet periodically to review goals and status updates, as well as coordinate shared programs and events.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City maintains both paper and electronic records of activities. Activities and programs are included in the Annual Action Plan and reviewed annually to ensure compliance with all applicable regulations and processes. Staff has created a new set of administrative guidelines that provides step by step process information for each activity and program to ensure compliance. The City encourages women-owned and minority-owned businesses, as well as Section 3 businesses, to apply for all contracted work. The City reports this data annually as required.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

The City requires a public notice to be posted at least 15 days prior to the CAPER public hearing. There is an additional 15 day public comment period following the public hearing. This process provides a longer review and comment period than required to provide citizens ample opportunity to review and comment on the performance report.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives and indications of how the jurisdiction would change its programs as a result of its experiences.

There were no changes made to program objectives during the 2021 program year. The City's objectives remained the same as approved under the allocation approved in June 2021. The City continues to utilize the goals and objectives outlined in the 2017- 2021 Consolidated Plan. However, the City does continue to review and refine processes and applications for various CDBG activities and programs to better meet the needs of applicants, CAPER 22 OMB Control No: 2506-0117 (exp. 09/30/2022) subrecipients, and contractors, as well as to meet all applicable Federal regulations and processes. The City started a new pre-approved contractor list for the Minor Home Repair Program in 2018, which has helped to expedite home repairs by making it easier for homeowners to locate qualified contractors who are aware of the program requirements and meet licensing requirements. Staff also updates applications and program guidelines annually and continues to improve processes based on past experiences.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.

N/A
