RECOMMENDED DENIAL

(0-Aye, 8-No)

To be heard by City Council, Monday, June 6, 2022.

STAFF CONDITIONS

1. Approval by the City Council based on the representations of any drawings presented as part of this application does not waive any requirement or development standard contained in the UDC unless modified under the General Development Plan, which include:
 - a. Parking: The applicant is requesting to provide 38 off-street parking spaces and utilize existing on-street parking along Main Street to the north to provide additional parking.
 - b. Bicycle: Per UDC Section 407.240., code requires bicycle parking 1 space per dwelling unit. The applicant is requesting less bicycle parking.
 - c. Building Orientation: All buildings directly adjacent to a street shall have a primary entrance onto the adjacent street. The applicant is proposing to have one building that has a side elevation facing the street, citing constraints from existing sewer easements and overhead powerlines.
2. A Site Plan Design Review is required to review final building and site design, amenities, landscaping, and signage.

3. Through the Site Plan Design Review, final building plans and site design will be reviewed by the Downtown Review Board and the Historic Preservation Commission.
4. Conceptual images of amenities must be provided. This could include an outdoor seating courtyard, pergola structures, etc.
5. A detailed landscape plan needs to be provided. A reasonable amount of landscaping is required with emphasis on softening the visual impact of parking areas and enhancing the overall appearance. Additional landscaping shall be provided to buffer the side elevation of the building on 9th Street. Required street trees and plantings shall be installed prior to the issuance of a Certificate of Occupancy for each lot.
6. Any electrical or mechanical equipment and trash enclosures must be screened as required by Code.
